

**CI EDR RIR Final Action: Errata: January 28, 2022. This replaces the alternative set appearing on pages 6-7 and 18.**

## Alternatives

Alternative 1: Status Quo

Alternative 2: Make revisions, where needed, in the EDR sections of the crab or groundfish FMPs and in the EDR regulations (options are not mutually exclusive):

Option 1: Remove any requirements for third party data verification audits under the existing programs and reduce burdens associated with this process.

Option 2: Revise requirements for aggregation of data across submitters and blind formatting in the crab data collection program to make those data aggregation and confidentiality protections comparable to the requirements under other data collection programs.

Option 3: Revise EDR collection period to every (options 2 years; 3 years; 5 years)

Alternative 3: ~~Revise or remove the GOA trawl EDR requirements.~~ Remove EDR requirements for (options are not mutually exclusive)

Option 1. GOA Trawl

Option 2. Crab

Option 3. BSAI Amendment 80

Option 4. BSAI Amendment 91
