

**C4 BSAI Yellowfin Sole TLAS Fishery
ADDENDUM
Updated Table 2-9, Table 2-16, and Table 2-18**

The BSAI TLAS yellowfin sole fishery closed on May 26th to prevent exceeding the total allowable catch for BSAI TLAS yellowfin sole. Provided below are three key tables (2-9, 2-16, and 2-18) from the Public Review Draft *Limiting Access for Offshore Trawl CVs in the BSAI Trawl Limited Access Sector Yellowfin Sole Fishery* dated June 5, 2017 that provides updated catch of BSAI TLAS yellowfin sole and halibut PSC utilized by the BSAI TLAS yellowfin sole sectors.

²Catch of BSAI YFS target catch by AM80 vessels has been removed from BSAI YFS target catch (2003-2007)

^ABSAI TLA YFS allocation was adjusted to account for reapportionment of YFS from the BSAI TLA to Amendment 80 (see Table 4 for amounts reapportioned)

TLA = trawl limited access

YFS = yellow fin sole
