BACKGROUND

The Community Engagement Committee will meet on Tuesday June 4, to continue work on their tasked objective to identify and recommend strategies for the Council to provide effective community engagement with rural and Alaska Native communities. The Council established the Community Engagement Committee to develop tools and processes to facilitate improved communication and understanding between rural communities and tribes for the Council, with the limitation that the Committee would not engage in community engagement itself, nor provide policy advice to the Council.

Steve MacLean will present the Committee's minutes reporting on their progress.
