Council (updated)	7. Photo / Video database	8. File sharing program(s)	9. Social Media. Type. Administrator(s). One-way or forum?	10. Website program(s) and host? Who administers?	11. Email program
NPFMC (5/16/18)	We have a public flickr account, hoping to use google photos to identify and catalog.	Dropbox, Box.net, (less often) GoogleDocs	No. Tried twitter. Abandoned	Wordpress. Godaddy. Maria manages the site, individual staff can update certain pages.	Thunderbird (which we hate, we only keep for our list management) & Gmail
PFMC (4/18/18)	Public Flickr account	Dropbox	Online Blog, Twitter, Facebook Admin: Jennifer, Sandra. Mostly one way but will respond to questions/ complaints.	Wordpress. Sandra manages site. Jennifer and staff add content.	Gmail
WPFMC (4/17/18)	No	Dropbox and Google drive for external sharing. Sharepoint for internal file sharing.	Facebook, Twitter, youtube, Vimeo, ISSUU. Three staff. One-way (but messages get posted on Facebook anyway)	WordPress, ISSUU. Hostgator, Network Solutions and Go Daddy. All staff.	Thunderbird and Gmail
NEFMC (4/17/18)	No	ShareFile primarily. Accellion to transfer official FMP documents to NMFS. These days, the staff often shares files by email. Some occasionally use Google Drive with NMFS staff. Some use OneDrive, part of Office 365. Others use Adobe filesharing. Essentially, whatever works for all users on the project. Some use SharePoint with PDTs but external users have had trouble with it, which is why we don't use it more often.	No	Website designer hosts site. One admin staffer posts documents; another serves as backup. Public affairs officer oversees content.	Outlook/Office 365
MAFMC (4/17/18)	We have an internal photo database staff uses to pull photos from for presentations, the website, etc. Nothing public.	SharePoint. Google Drive for some older documents. These are primarily for sharing files among staff. Nearly everything publicly available is posted on our website.	Twitter	Squarespace. Mary manages the site. Two other staff members post content as needed.	Outlook/Office 365
SAFMC (4/9/18)	Video presentations from website and YouTube. Developing a Flickr account for archiving photographs (specifically for internal use).	Dropbox, Google Drive, & SecuriSync.	Facebook (interactive); YouTube Channel used for posting presentations; Twitter; Instagram; Fishermen's Forum currently available to federal snapper grouper commercial permit holder - all managed by Outreach Specialist	Wordpress site administered by Outreach Specialist	Outlook
CFMC	We don't have either one at this time	In house server and dropbox	No. Maybe in the future	Website development and management done by staff	Yahoo mail
GMFMC (5/11/18)	We have an online video library that includes educational videos. We also have a YouTube channel for all of our public hearing and scoping workshop videos.	Google docs, dropbox	Facebook, blog	Wordpress hosted by Dreamhost. Administered by the Public Information Officer, Communications Assistant, and Officer Manager.	Outlook
