

# **D4 Trawl EM Committee Report**

February 2023

## **Action Memo**

Council Staff: Anna Henry  
Action Required: 1. Review Committee report

### **BACKGROUND**

The Council's Trawl Electronic Monitoring (EM) Committee held a hybrid meeting at the North Pacific Research Board's Conference room and on Zoom on January 20, 2023. The Committee received an update on the trawl EM program, the status of current and potential future EM projects, and provided recommendations on the future role and appropriate makeup of the Trawl EM Committee. The Council may take action regarding these recommendations if desired, but no action is required.
