DATE : January 2, 1979
TO : H. Larkins, NWAFC, REFM, F112
FROM : *Carroll* F. Favorite, NWAFC, REFM, F112
SUBJECT: Possibility of lecture(s) to Pacific and/or North Pacific Fisheries Council by distinguished European fisheries scientists involved in fisheries management.

During the second half of April we will host Dr. Ursin from Denmark and Dr. Daan from the Netherlands in NWAFC in Seattle. Both are world-known fisheries scientists and have been very actively involved in fisheries management in the area of International Council for the Exploration of the Sea.

You might wish to arrange for these distinguished scientists to give lectures to the Pacific and/or North Pacific Fisheries Management Councils on the methods and results of fisheries management in the North Atlantic Ocean.

Both gentlemen would be available for such lectures between 16 April and 3 May.

As we will not pay any salary to these gentlemen, a proper honorarium would be in order.
