

MEMORANDUM

TO: Council Members
FROM: Clarence G. Pautzke
Executive Director
DATE: November 27, 1996
SUBJECT: Committee Memberships

ESTIMATED TIME
1/2 HOUR

ACTION REQUIRED

Approve memberships of the Advisory Panel (AP) and Scientific and Statistical Committee (SSC).

BACKGROUND

The AP Nominating Committee has been functioning as a "Committee of the Whole" for the last few years. Committee appointments will be taken up in Executive Session on Friday of this week. Terms for both the AP and SSC are one year.

Scientific and Statistical Committee

All members have indicated a willingness to continue for the coming year. A list of current SSC members is under item C-7(a). The U.S. Fish & Wildlife Service has nominated Dr. Steve Klosiewski for SSC membership.

Advisory Panel

All members of the Advisory Panel except one have indicated a willingness to be reappointed for another year. Item C-7(b) contains a matrix of current AP members and one for new applicants.

A packet containing resumes and other information on committee appointments was mailed to Council members on November 27.

NORTH PACIFIC FISHERY MANAGEMENT COUNCIL

SCIENTIFIC AND STATISTICAL COMMITTEE MEMBERS

June 18, 1996

BALSIGER, Dr. Jim
Alaska Fisheries Science Center

Dr. Clarence Pautzke
Executive Director
North Pacific Fishery Management Council
Post Office Box 103136
Anchorage, Alaska 99510

Dear Dr. Pautzke:

On behalf of the Washington Department of Fish and Wildlife, I am once again nominating Dr. Jack Tagart as the agency's representative to the North Pacific Council's Scientific and Statistical Committee. As you know Jack has been associated with the Council since 1986, when he became a member of the Gulf of Alaska Plan Team. He has served on the SSC since 1988. Jack has considerable experience in population dynamics and fishery management. We believe his continued service will be of great benefit to the Council.

Sincerely,

A handwritten signature in cursive script that reads "Morris Barker".

Morris Barker, Ph.D
Deputy Assistant Director

Re: AP Appointments - Teresa Turk

Dear Rick:

I am writing to support the appointment of Teresa Turk to the Council's Advisory Panel (AP). I have worked with Teresa on the Council's Observer Oversight Committee and have come to respect her dedication and commitment to responsible fishery management in general and an improved observer program in particular. As a former observer and as someone who has participated in a number of the fisheries under the Council's jurisdiction, Teresa would bring valuable insight to the AP's deliberations on a whole host of important issues.

Since Teresa's background and interests transcend the typical geographical allegiances that permeate many of the issues before the Council, I would suggest that she be appointed to an at-large seat on the AP -- one that is not associated with any particular gear type, fishery, processing mode or region. In my view, she would make an excellent AP member.

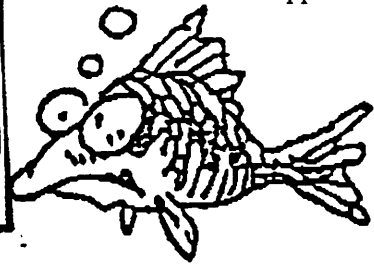

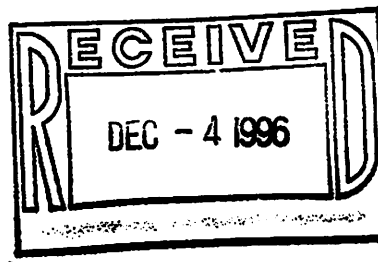

Sincerely yours,

A handwritten signature in black ink, appearing to be "Paul MacGregor", written in a cursive style.

RE: Nomination of Steve Ganey to the Advisory Panel

Dear Rick:

It has come to our attention that Steve Ganey of the Alaska Marine Conservation Council has been nominated to the Advisory Panel. We would like to offer our support for that nomination.

It's no secret that the environmental community has taken a strong interest in commercial fisheries and their impacts on both marine ecosystems and fishery-dependent communities. Clearly they exercise significant influence in the legislative and policy arenas, and I expect that influence will grow.

Alaska's own legitimate environmental concerns have been focused through AMCC for some time now. Their participation in the regulatory process has been reasonable and effective. Steve Ganey has been at the heart of this effort for some time, and is well-qualified to serve on the Advisory Panel.

Thank you.

Sincerely,

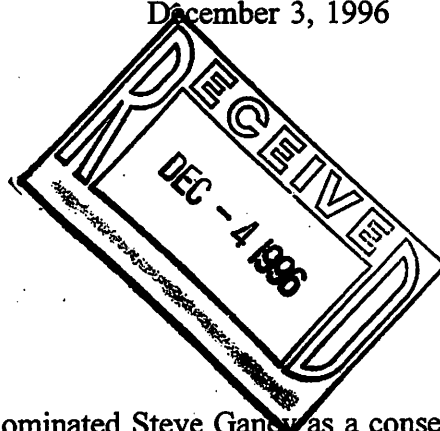

Thorn

December 3, 1996

Rick Lauber, Chair
North Pacific Fishery Management Council
604 W. 4th Ave.
Anchorage, AK 99501

Dear Mr. Lauber,

The Alaska Marine Conservation Council has nominated Steve Ganey as a conservation representative on the 1997 Advisory Panel. In addition to a conservation seat, we believe greater diversity in the interests represented on the AP would bring a broader range of perspectives into play more consistently in AP discussions. To that end, we wish to support the nomination of Teresa Turk who has extensive experience with the Observer Program both as an observer and as a member of the Observer Advisory Committee. We also support the nomination of Bob Ward of A-Ward Charters to represent recreational fishing interests.

The observer program is central to the fishery management system in the North Pacific. The addition of Teresa as an observer representative would lend a much greater understanding of how the observer program contributes, or could contribute more productively, to sustainable fisheries management.

Bob Ward is highly regarded in the recreational and commercial sectors of the industry. We believe he would be an objective and thorough member of the AP.

Thank you for your careful consideration of the AP appointments.

Sincerely,

A handwritten signature in cursive script that reads "Dorothy Childers".

Dorothy Childers
Executive Director
