FOR COMPLETION

COOK INLET SALMON COMMITTEE

SEPT 30, 2019

HOMER, ALASKA

Discussion Paper

- determine whether there is a need for action
- what types of alternatives might meet the need

Initial Review

- further refine alternatives if necessary
- may be several drafts

Public Review

- final council decision
- select preferred alternative

Final Decision final Council decision is then submitted to the Secretary of Commerce (NMFS)

RULEMAKING

Proposed Rule NMFS published proposed rule to implement the regulations

Comments

• Comments received on proposed rule

Secretary Review Secretary of Commerce can approve, disapprove, or partially approve the Council's decision

- If approved, NMFS published the Final Rule, with responses to comments.
- Final Rule established the effective date of the change

ANALYSIS

```
History of the Salmon FMF
     Amending the FMP to address the Ninth Circuit's decision
     NPEMC Cook Inlet Salmon Committee
     Proposals from the public
     Magnuson-Stevens Fishery Conservation and Management Act
     Comparison of 1990 Salmon FMP and the 2012 Salmon FMP for Cook Inlet
       The Fishery Management Unit in the 1990 FMP
       The Fishery Management Unit in the 2012 Salmon FMP
Amending the Salmon FMP to manage the commercial salmon fisheries in the Cook Inlet EEZ
 Preliminary Purpose and Need
  Management Policy and Objectives
       Alternative 1: No Action
       Alternative 2: Cooperative management with the State
       Alternative 3: Federal management
 Procedures for EMP Implementation
       Alternative 1: No Action
       Alternative 2: Cooperative management with the State
       Management Measures Delegated to the State of Alaska
       Alternative 3: Federal management
  Status Determination Criteria (overfishing and overfished) and Annual Catch Limits
       Alternative 1: No Action
       Alternative 2: Cooperative management with the State
       Alternative 3: Federal Management
  Accountability Measures
        Alternative 1: No Action
       Alternative 2: Cooperative Management with the State
       Alternative 3: Federal Management
 Optimum Yield and Maximum Sustainable Yield
       Alternative 1: No Action
       Alternative 2: Cooperative Management with the State
       Alternative 3: Federal Management
  Annual Process for Determining the Status of the Salmon Stocks
       Alternative 1: No Action
       Alternative 2: Cooperative Management with the State
       Alternative 3: Federal Management
  Standardized Bycatch Reporting Methods
  Monitoring, Recordkeeping, and Reporting Requirements
       Logbooks (paper and electronic)
       Electronic monitoring - Camera technology
       Electronic monitoring - Vessel Monitoring System
       elandings
       Combination of Monitoring Tools
       Assessment of salmon origin
       Other issues
 Process for Review and Appeal
       Alternatives 1 and 3 - Appeal Process for the East Area
       Alternative 2 – Appeal Process for all salmon fisheries in the EEZ
