OCEAN SALMON MANAGEMENT PLAN DEVELOPMENT TEAM

In accordance with the Council action to establish an ocean salmon management team having the ADF&G as the lead agency, the SSC proposes the following individuals to comprise the Management Plan Development Team (MPDT).

- | | |
|--------------------|-------|
| 1. Gary Gunstrom | ADF&G |
| 2. Allen Davis | ADF&G |
| 3. Paul Kissner | ADF&G |
| 4. Mike Fredin | NMFS |
| 5. Don Collinworth | ALEC |

This core group which would be responsible for plan development and drafting should work closely with the NPFC Advisory Panel subcommittee on salmon and should call upon additional expertise as necessary. The Committee has identified the following scientists or specialists as having expertise which should be useful to the MPDT. The list is not intended to be inclusive.

|----------------------|----------|
| 1. Philip Gray | ADF&G |
| 2. Ivan Frohne | ADF&G |
| 3. Sam Wright | WDF |
| 4. Fred Thorsteinson | NMFS |
| 5. Kenneth Henry | NMFS |
| 6. Alan Hartt | UW (FRT) |
| 7. Bud Burgner | UW (FRT) |
| 8. David Cantillon | ADF&G |
| 9. Gunsolus | FWD |
| 10. Roy Wahle | WDF |
| 11. Paul Reed | OFWD |
| 12. William Heard | OFWD |
| 13. Frank Orth | UA |
| 14. Howard Ness | NMFS |
| 15. Van Hyning | Cordova |
| 16. Loyd Phinney | WDF |
| 17. Pat O'Brien | CDFG |
| 18. Dave Ortman | IDFG |
| 19. Sam Bledsole | UW |

The team should keep in close contact with the Pacific Fishery Council salmon MPDT. A key individual on the NPFC/MPDT and the PEC/MPDT should be identified to insure proper interface between the two groups.

As a first priority the MPDT should recommend to the Council the fishery management unit or units which should be managed.
