

INTERNATIONAL TRADE RECEPTION

Tuesday, June 10, 2014 / 6:30 PM / Hotel Captain Cook - Club Room / Anchorage, AK

The Alaska Seafood Marketing Institute invites State of Alaska and federal fisheries managers to a reception welcoming top seafood trade members from Germany!

In 2013, 95,000 metric tons of Alaska seafood valued at \$290 million entered the German market making it a top export market for the Alaska seafood industry.

With increased global preference for responsibly sourced seafood, it is imperative that we communicate the success of Alaska's fisheries management system. Collaboration among federal and state management agencies is one reason this system works so well.

Please join us in sharing our story with top international trade partners!

*Please RSVP to Christine Fanning
at christinef@schied.com
or call (907) 465-5568.*
