North Pacific Fishery Management Council Ecosystem Committee AGENDA 5 June 2018

The North Pacific Fishery Management Council's Ecosystem Committee will meet on Tuesday June 5, 2018 at the Kodiak Convention Center in Kodiak, AK. The meeting will take place from 9 AM to 5 PM. Teleconference will be available. Written comment will be accepted by emailing comment to steve.macleam@noaa.gov by 12:00 PM on Friday June 1, 2018.

- I. Northern Fur Seal Conservation Plan 2 Hours
NOAA Fisheries staff will present the Agency's plans to review and revise the Conservation Plan for the Northern Fur Seal, as requested by the Ecosystem Committee in 2017.
- II. US Army Corps of Engineers Projects 1.5 Hours
Mr. Christopher Hoffman (U.S. ACE) will present in-progress results of the US Army Corps of Engineers dredging and disposal project in Dutch Harbor, and present information about an upcoming project on St. George Island.
- III. NPFMC Ecosystem Workshop Report 2 Hours
Staff from Fisheries Forum will present the report from the Council's Ecosystem Workshop held in Seattle, WA on February 7 2018.
- IV. NOAA Bathymetry data (T) 1.5 Hours
Dr. Mark Zimmerman (NOAA) will present information about updates to bathymetry data in the Bering Sea and GOA. Dr. Zimmerman will describe the bathymetry compilation work, show how their data are used in a variety of completed and ongoing projects, and solicit input from the ECO on future directions for additional work.
