

Errata for GOA Tendering Report February 2014

This erratum revises Table 10 caption and the text associated with the table. The erratum also provides a supplemental table that shows the number of AFA vessels operating as tender vessels in the area 620 pollock fishery.

Table 10 provides the number of AFA vessels that are operating as tender vessels in Western and Central GOA pollock and Pacific cod fisheries. As shown in the table, in 2010 there were no AFA vessels operating as tenders in the pollock fishery, but in the subsequent years, the use of AFA vessels as tenders increased. In 2011, 2 AFA vessels operated as tenders with total tendered amount of 323 mt. The number of AFA vessels operating as tenders increased in 2011 to 8. During that year, those 8 AFA vessels tendered 3,769 mt of area 620 pollock. In 2013, the number of AFA vessels operating as tenders increase to 11 tendering 5,389 mt.

Table 10 Annual count and catch (mt) of Western and Central GOA pollock and Pacific cod delivered to AFA and non-AFA vessels operating as tender vessels from 2010 through 2013

Year	AFA Vessels		Non-AFA vessels	
	Number	Catch (mt)	Number	Catch (mt)
2010	0	0	18	23,640
2011	2	323	28	24,341
2012	8	3,769	32	32,322
2013	11	5,389	27	24,459
