Good Morning Mr. Branson,

Since your hearings on the tanner crab and ground fish management plans are of particular interest to Kodiak fishermen, and KMXT would like to know if we could broadcast those hearings.

If possible, we would also like to broadcast the NPFMC meeting after the hearing. I would also appreciate an agenda for that meeting so that we may publicize it as much as possible beforehand.

Thank you.

Dear Sir:

Reference is made to your letter of June 24, 1937, regarding the proposed investigation of the Alaska Petroleum Industry.

The Alaska Petroleum Industry is a subject of considerable interest to the Bureau of Economic Research and it is regretted that the Bureau is unable to undertake such an investigation at this time.

It is suggested that you continue to keep the Bureau advised of any developments in this field.

Dear Mark:

This is to confirm our telephone conversation of August 10, 1977, concerning the proposed visit of Sedco 708 for the Council.

Mr. Fred Williams of SunOil Company has made arrangements for your visit on Saturday, August 27, following the Council meeting. Because of anticipated weather and the long distance involved, passenger load must be limited to 12, excluding the helicopter crew.

Final arrangements for departure time, etc. have not been made to date. I will contact you regarding these arrangements shortly. If my experience was typical, the following can serve as a probable itinerary:

- . Depart from Kodiak State Airport 9:30 a.m.
- . Orientation Discussion - on arrival on Sedco 708
- . Lunch on Board (what a lunch!)
- . Breakup into smaller groups and tour rig - questions/answers
- . Depart rig 3:30 p.m.

I'll get back to you shortly with further details.

Until then, I am,

Sincerely yours,

Hank Pennington
Marine Advisory Agent

TO: Members, Scientific and Statistical Committee
North Pacific Fishery Management Council

The next meeting of the Council is scheduled for August 25-26 in Kodiak. I would suggest we arrive on the 24th and have an evening session prior to the formal meeting on the 25th and 26th. I am not sure what arrangements have been made at this time for meeting rooms but will rely on the Executive Director to advise us as soon as possible. I would like to start the meeting at approximately 7:00 PM and conclude by 9:00. Major topics that we should consider include:

1. Revision of the outline for management plans
2. Progress on the socio-economic report being developed by Miles, et al.
3. Other topics as required

Sincerely,

Dayton L. Alverson
Chairman, SSC

Dear Ms. Willowby:

Per your request, the attached is a list of confirmations for those attending the Council Meeting in late August.

I have blocked 30 rooms for August 23, for those who are arriving early. From early responses, I believe we may not have enough rooms to accommodate all who wish to attend the meeting. I will send a list of any additional names on a weekly basis. If we find a need to double people, please make your suggestions.

I thank you for your cooperation and assistance in this matter.

Sincerely,
