

Alaska Marine Conservation Council

THE DEEP

Join Alaska Marine Conservation Council to explore the function of seafloor habitat, history of modern fisheries management and how including values beyond capital can positively impact fisheries policy.

WHEN: THURSDAY, DEC. 7, 2023

Doors Open: 6:00 pm, Presentation: 6:30-8:30 pm

WHERE: 49TH STATE BREWING CO

717 W. 3rd Avenue, Anchorage

**HEAVY APPETIZERS PROVIDED AND
DRINKS AVAILABLE FOR PURCHASE**

FEATURED GUEST SPEAKERS:

- **Dennis Lees** - Marine ecologist specializing in intertidal and seafloor habitats from Alaska to California, and long-term impacts of disturbance
- **Carmel Finley** - Fisheries historian and author of [All The Fish in the Sea: Maximum Sustained Yield and the Failure of Fisheries Management](#)
- **Steve Langdon** - Professor Emeritus of Anthropology at the University Alaska Anchorage with extensive research on commercial fisheries, subsistence practices and Traditional Ecological Knowledge

Q & A will follow presentations.
