

Commander
Seventeenth Coast Guard District
Juneau, Alaska, 99802-5517

3 May 2021

Dear Director Witherell,

On April 23, 2021 I relieved Rear Admiral Matthew Bell as the Seventeenth District Commander. I am excited to be in Alaska where fisheries are such an important component of the national economy and safety of life at sea is paramount.

My Chief of Enforcement, CAPT Jason Brennell, and my Section Chief for Domestic Fisheries Enforcement, LCDR Jedediah Raskie, will continue to serve as my alternates on the Council and Enforcement Committee. My staff will work diligently to ensure the Council has the U.S. Coast Guard's full support regarding at-sea enforcement of federal fisheries and marine protected species regulations.

I look forward to working with you, the Council, native communities, industry, and other stakeholders to ensure Alaska's fisheries continue to thrive.

Sincerely,
