TO: Council, SSC and AP Members

FROM: Clarence G. Pautzke
Executive Director

DATE: November 23, 1988

SUBJECT: DAP for 1989

ACTION REQUIRED

Review projected U.S. processed groundfish (DAP) for 1989.

BACKGROUND

NMFS has surveyed U.S. processors to determine their estimated groundfish needs for 1989. The results of the survey will be tabulated by species and area and placed under this tab when available. The purpose of this agenda item is to focus Council and industry attention on projected DAP for 1989 and provide opportunity for public comment. A list of the companies surveyed by NMFS will be available under this tab.

The DAP projections by species and area will be used in subsequent decisions on availability of groundfish for joint ventures and foreign directed fisheries under agenda items D-1 and D-2.
