

**C6(a) – 2012 Charter Halibut Management Measures
December 11, 2012**

Based upon IPHC staff recommendations regarding Total CEY, the Council moves forward the following charter halibut management measures in Areas 2C and 3A for consideration by the International Pacific Halibut Commission in 2012.

Area 2C (GHL = 931,000 lbs):

- One fish reverse slot limit of U45 – O68

Area 3A (GHL = 3.103 million lbs):

- Status quo of 2 fish/day of any size
