

M E M O R A N D U M

TO: Council members  
FROM: Jim H. Branson  
Executive Director  
DATE: November 20, 1984  
SUBJECT: SSC Appointments

ACTION REQUIRED

Appoint Scientific and Statistical Committee.

BACKGROUND

All eleven SSC positions will expire as of this meeting. Recommendations for membership should be reviewed and approved by the Council.

Al Millikan has resigned from the SSC to concentrate on Pacific Council activities. WDF has forwarded a resume for Tom Northup to replace Al (see item C-8a).

We also received two recommendations from ADF&G for participation on the SSC (see item C-8b).

A roster of current SSC members is included as item C-8c.

Resume

Thomas J. Northup  
6318 Karjala Road  
Aberdeen, WA 98520

Date of Birth: June 27, 1943  
Height and Weight: 5'9", 160 lbs  
Family Status: wife, Barbara  
son, Robert (13)  
daughter, Angeline (9)

Education

1968-70

University of Washington  
Seattle, WA  
B.S. - Fisheries Science

1964-65

U.S. Coast Guard Officers Candidate School  
Yorktown, VA  
Commissioned, Ensign, U.S. Coast Guard Reserve

1960-64

Oregon State University  
Corvallis, OR  
B.S. - General Science

Experience

March 1973-  
Present

Washington Dept. of Fisheries

Coastal Field Station, 331 State Hwy 12, Montesano, WA 98563  
Began as Biologist I, Aquatic, last promotion to Shellfish Regional Manager in April, 1982. Supervise staff of 15 to manage, enhance and provide environmental protection for Washington coastal shellfish resources. Major common property fisheries managed are for razor clams, Siliqua patula (primarily recreational), Dungeness crab, Cancer magister (primarily commercial pot fishery) and pink shrimp, Pandalus jordani (commercial trawl fishery). Other commercial fishery duties relate to private oyster culture and include pest and predator control, management of 10,000 acres of state-owned oyster reserves, and annual oyster spawning and set forecasting. Fishery enhancement efforts are centered in research toward hatchery production of razor clams and harvest of juvenile razor clams from sub-tidal areas for transplant to intertidal beaches. Environmental protection consists of evaluating and minimizing impacts on shellfish resources of various development proposals such as oil exploration, offshore mining, channel dredging and construction of domestic housing projects. Responsible for development of operating and capital budgets, training and evaluation of personnel, preparation of fisheries regulations. Write and edit various types of reports.  
Supervisor: Ron Westley

Additional duty (1977-81): served as member and chairman of Pink Shrimp Management Plan Development Team, Pacific Fishery Management Council. Participated with representatives from Oregon, California and NMFS to develop FMP which, on completion, was delegated to member states for implementation.

March 1970-  
February 1972

University of Washington  
(Fisheries Research Institute)  
Seattle, WA

Marine Technician - Kiket Island Nuclear Power Site Evaluation Project. Conducted thermal effects studies on marine and anadromous fishes. Participated in seine and trawl fishing, beach surveys.

Supervisor: Dr. Q. J. Stober

June-October  
1969

University of Washington  
(Fisheries Research Institute)  
Seattle, WA

Fisheries Aide - High Seas Tagging Project. Purse seining in Adak Island, Alaska area. Examination and tagging of salmon, primarily Oncorhynchus nerka. Data Compilation.

Supervisor: Alan C. Hartt

September 1964-  
June 1968

United States Coast Guard

Commissioned as Ensign, February 1965; promoted to LT (jg) August 1966. Deck watch officer, USCGC NORTHWIND, Seattle, WA (March 1965-August 1966). Navigation, piloting and deck operations aboard 269-ft. icebreaker. Search and Rescue Controller, Juneau, Alaska (August 1966-June 1968). Responsible as duty officer for coordinating search and rescue operations throughout 17th Coast Guard District.

Family Activities and Hobbies: Fishing, Hunting, Hiking, Camping, Photography, Reading, Gardening, Travel, Pets, Basketball, Volleyball, Softball, Bicycling.

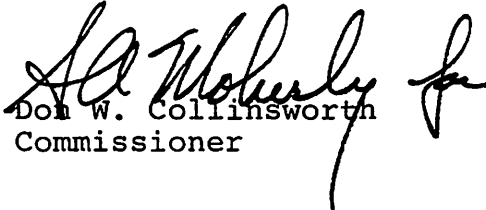

Mr. Jim Branson

-2-

November 6, 1984

Mr. Scott Marshall, who has been serving as our Acting Chief Fisheries Scientist since June, to be formally appointed as well. Scott's background in the state's commercial fisheries is quite diverse, having served the last five years in a statewide research position dealing with the entire spectrum of fisheries research and management issues.

Sincerely,

  
Don W. Collinsworth  
Commissioner
