

## ESRI ELA Software Download

The NOAA Esri Enterprise License Agreement (ELA) is a contract between Esri and NOAA to provide GIS software, software maintenance, training, and other Esri services for NOAA users. The Esri ELA contract was put into place through a joint effort between the NOAA GIS Committee, NOAA Link Program Office, and NOAA's Acquisitions & Grants Office. All NOAA line office Assistant Chief Information Officers and the NOAA CIO Council support and approved the final contract for the Esri ELA.

Under the ELA, the following software is available:

- Unlimited GSA [Category A](#) Software
- Limited GSA [Category B](#) Software
- [Esri Home Use Program](#)
- Unlimited deployment of Esri software for emergency response purposes.

More information about the the Esri ELA can be found on NOAA's [GIS Community website](#).

### **NEW!!!!** [2015 Esri UC Proceedings](#) are now available!!!

This website is provided by NOAA's National Ocean Service (NOS) and is intended for internal use only by NOAA personnel.
