

C-1 Council motion**Gulf of Alaska Pacific Cod Groundfish Specifications****February 5, 2026**

The Council revises the 2026 and 2027 Gulf of Alaska Pacific cod OFLs and ABCs as recommended by the SSC and the TACs as shown in Table 1. The TACs have been adjusted to account for the State water Pacific cod GHL fisheries (Table 2). The Council revises the 2026 and 2027 annual and seasonal Pacific halibut PSC limits and apportionments in the Gulf of Alaska as provided in Table 3. The Council supports NMFS' intent to implement this change through an inseason adjustment.
