

AP motion

E1 Groundfish Management Policy: Goals and objectives

June 2026

The AP supports the Ecosystem Committee (EC) recommendations to modify the language of the Groundfish Management Policy and to task the EC with further developing specific recommendations for Council and AP review.

Motion passes 15-0

Rationale in Support of Main Motion

- *The structure of the EC makes it well suited to devote time to reviewing the language of the policy to ensure it is current and appropriate.*
