

U. S. Coast Guard

Counter-IUU Fishing - Operation North Pacific Guard 2024

NPG is the longest running counter-IUU fishing operation in the USCG – since 1990. Enforcement is conducted under the authority of three Regional Fishery Management Organizations (RFMOs): North Pacific Fisheries Commission (NPFC), Western Central Pacific Fisheries Commission (WCPFC), and North Pacific Anadromous Fisheries Commission (NPAFC), and relies on operational-level coordination with trusted international partners, primarily Japan, Korea, and Canada.
