

## Local Knowledge, Traditional Knowledge, and Subsistence Bibliography

This is a working bibliography of published and non-published sources of Local Knowledge, Traditional Knowledge, and Subsistence (collectively LKTKS) information. By identifying these sources of information, the Taskforce aims to provide the Council, staff, researchers, and the public a useful tool for identifying LKTKS information. These sources are being curated in a search engine. The demo can be found here: [https://www.npfmc.org/lktns\\_information/](https://www.npfmc.org/lktns_information/).
