B2 NOAA Fisheries Briefing on E.O. 14008 Section 216(c)

April 2021

Action Memo

Mr. Sam Rauch, NOAA Fisheries Deputy Assistant Administrator for Regulatory Programs, will give a briefing and hold a Listening Session for Council members on President Biden's E.O. 14008, titled "Tackling the Climate Crisis at Home and Abroad." EO 14008 Section 216 (c) directs NOAA to collect recommendations on how to make fisheries, including aquaculture, and protected resources more resilient to climate change, including changes in management and conservation measures, and improvements in science, monitoring, and cooperative research. NOAA Fisheries invites the Council to provide their thoughts regarding how to make fisheries and protected resources more resilient to climate change.
