

Agenda Item H-2
March, 1980

MEMORANDUM

DATE: March 21, 1980

TO: Council Members, Scientific & Statistical Committee and
Advisory Panel

FROM: Jim H. Branson, Executive Director 

SUBJECT: May Council Meeting in Kodiak

ACTION REQUIRED

None - informational only.

BACKGROUND

The Council meeting will be held in Kodiak, Alaska on May 22-23, 1980. The SSC and AP are scheduled to convene on May 21st. We have blocked all available rooms from May 20 through the 23rd. The reservation cards are in your books. The Sheffield House will handle all reservations even though part of our rooms will be at the Shelikof. The total amount of rooms is very limited so please indicate on your reservation if you will be willing to share, and perhaps indicate with whom. If reservations are not in by May 6 our blocked rooms will revert to a space-available status.

Airline space is also limited. We suggest you make your reservations at this meeting at the Wien office in the lobby of the Westward. Attached you will find a copy of the Wien schedule.

Western Airlines has one flight weekly from Kodiak to Seattle, non-stop. Flight #704 leaves at 3:25 p.m. arriving in Seattle at 8:30 p.m. They only fly into Kodiak on that Saturday schedule.

The Preliminary Agenda includes:

- Approval of GOA Groundfish "Annual Amendments"
- Approval of BS/AI Groundfish "Annual Amendments"
- Approval of Bering-Chukchi Sea Herring Plan
- Release of reserves BSAI Groundfish Fishery
- Review first draft of King Crab Plan
