

North Pacific Fishery Management Council
C3 BSAI Crab specifications motion
June 10, 2021

The Council accepts the Crab SAFE report and adopts the following OFLs and ABCs recommended by the SSC for Aleutian Islands golden king crab and Pribilof Islands blue king crab:

| Species | OFL (kt) | ABC (kt) | Year(s) |
|-----------------------------------|-----------------|-----------------|------------------|
| Aleutian Islands golden king crab | 4.817 | 3.372 | 2021/22 |
| Pribilof Islands blue king crab | 0.00116 | 0.00087 | 2021/22, 2022/23 |

kt = thousand metric ton

The Council supports moving the assessment timing for Pribilof Islands blue king crab to the fall.
