

C-8 CDQ Ownership Caps
Council Motion
April 7, 2017

The Council adopts the purpose and need statement as described in the analysis and recommends Alternative 2 as its preferred alternative.

Alternative 2. Revise the regulations governing the ownership attribution model for CDQ groups for excessive share limitations under the AFA Program; revise the regulations and the Crab FMP governing the ownership attribution model for CDQ groups for the PQS ownership and IPQ use caps under the CR Program to provide as directed in the Magnuson-Stevens Act.
