SUBJECT:
Charter Halibut Management Measures for 2015

ESTIMATED TIME:
2 Hours

ACTION REQUIRED:
Recommend management measures for Area 2C and Area 3A for 2015.

BACKGROUND:

The Charter Management Implementation Committee met in October, 2014 to recommend a range of potential management measures for Area 2C and Area 3A in 2015 to frame the analysis. The committee's list of recommended measures for analysis is attached. Final committee recommendations from its December 8, 2014 meeting and the ADF&G analysis, which is the basis for those recommendations, will be posted and distributed during the Council meeting. The analysis will provide the projected harvests for the proposed measures. The Council recommendations would encompass the full range of potential catch limits for Area 2C and Area 3A under consideration by the IPHC.
