

Research Priorities Process: 2023-2024

What is NEW?	What are Research Priorities?	How to be Involved?
<p>An inclusive, more transparent process for receiving research priority ideas from the public using an online submission form and an extended time period for submissions. We have also included better notice for Plan Teams reviews.</p> <p>More information on the new process can be found here and on the eAgenda.</p>	<p>Research priorities are topics that address key questions or knowledge gaps and are selected based on how well they align with or inform management for the Federal fisheries the Council manages.</p> <p>Research priorities are developed for fisheries, habitats, and other areas necessary for Federal management purposes and are reviewed every three years.</p>	<p>Submit a new RP idea using the online form by October 31st. Use the link in the eAgenda.</p> <p>Attend a meeting and give us your opinion! Most meetings are virtual. Opportunities to provide public testimony are indicated on the process chart and marked with the blue "i" icon.</p> <p>More information can be found on the eAgenda.</p>

Icon Key: Submit RP ideas! Public testimony No new submissions
