NORTH PACIFIC FISHERY MANAGEMENT COUNCIL
EDR Stakeholder Discussion - 8/26/20
August 26, 2020

Economic Data Reporting Stakeholder Discussion

The Stakehold Discussion will be held via Adobe Connect
August 26, 2020, 2pm-4pm Alaska Time
Adobe Connect Link: https://npfmc.adobeconnect.com/edr

- **Please connect 1/2 hour early - 1:30pm AKT. The meeting time does not budget for technical challenges and connecting through Adobe Connect can take some time.**
- We are requesting that all participants connect their audio via a "dial out" option which links the audio through your phone. This should allow for a higher quality connection and allow you to control your mute/ unmute easily via your phone. Instructions are attached.
- If you are comfortable, please sign in with your full name. This will help facilitate discussion.
- Please begin with your phone on mute.
- Written and vocalized discussion will be captured in a post-meeting report which will be sent to participants in draft form and later included in the materials available to the Council in its consideration of EDR changes.

- This EDR Discussion Paper provides extensive background on the four existing EDRs for your reference. Additional information is included on this EDR webpage.

Comments and Meeting information
