NORTH PACIFIC FISHERY MANAGEMENT COUNCIL
Call for Nominations for SSC and AP 2023
October 3-15, 2022

The Council is accepting nominations for its Scientific and Statistical Committee, and its Advisory Panel. For more information, see the call for nominations **newsletter article** from June 2022. Nominations, letters of interest, and a resume should be submitted to the Executive Director through this comment portal by **November 15th at 5 pm** Alaska time. Please note that submissions will be viewable on this webpage.

The **SSC members** serve one-year terms and may be reappointed with no term limits. The expertise and affiliation of current SSC members may be found here, and a description of SSC member duties is provided in the SSC handbook. Additional members that the SSC has indicated would be valuable to supplement their current knowledge base include: (1) a scientist with broad expertise in ecosystem science and/or ecology; (2) a social scientist with a background in anthropology, sociology, human geography, or a related field, and (3) a scientist with fish population dynamics and stock assessment background.

On the **Advisory Panel**, there are four AP members who are stepping down and 10 additional seats eligible for reappointment. A description of AP membership criteria and duties is included in the AP Handbook. Members can be appointed for a 1, 2, or 3-year term by the Council. The fishery, sector, and interest group representation of current AP members may be found here.

AP Members seeking reappointment:
